5 Regulatory Reform (Fire Safety) Order 2005 (as amended)

Is the building a building to which the Regulatory Reform (Fire Safety) Order 2005 applies or will apply after completion of the building work*?

Yes / No

*Delete as appropriate

6 Location of site to which the building work relates

Address (Incl postcode):

7 Existing buildings (append additional information where necessary)

Where applicable, provide a description of the existing building, including:

a) Details of the current use of the building, including the current use of each storey

b) The height of the building

c) The number of storeys in the building as determined in accordance with Regulation 6 of the Higher-Risk Buildings (Descriptions and Supplementary Provisions) Regulations 2023

a)

b)

c)

8 Proposed works

Provide a description of the proposed work, including:

- (i) Details of the intended use of the building, including the intended use of each storey
- (ii) The height of the building after the proposed work
- (iii) The number of storeys in the building after the proposed work as determined in accordance with Regulation 6 of the Higher-Risk Buildings (Descriptions and Supplementary Provisions) Regulations 2023
- (iv) The provision to be made for the drainage of the building
- (v) Where paragraph H4 of Schedule 1 imposes a requirement, the precautions to be taken in the building over a drain, sewer or disposal main to comply with the requirements of that paragraph
- (vi) The steps to be taken to comply with any local enactment that applies

i)

ii)

iii)

iv)

v)

vi)

9 Commencement (append additional information where necessary)

State the date when it is proposed the work will reach the point when it is to be regarded as commenced in accordance with Regulation 46A (lapse of building control approval, commencement of work); or where the work does not consist of work to which paragraph (2) or (3) of Regulation 46A applies, state the details of the work which the client considers amounts to 15% of the proposed work

10 Granting of an application for building control approval with full plans subject to requirements

Do you consent to the application for building control approval with full plans being granted with requirements*?

Yes / No

**Delete as appropriate*

Requirements are modifications that the local authority may specify must be made in the full plans, or further plans as the authority may specify must be provided before work to which those plans relate starts.

11 Electrical installations

Is there any building work involved to which Part P of Schedule 1 imposes a requirement and this work does not consist of:

- The installation of a new circuit
- The replacement of a consumer unit or
- Any addition or alteration to existing circuits in a special location?

Yes / No

**Delete as appropriate*

Building work to which Part P of Schedule 1 imposes a requirement and does not consist of the above does not require a building notice (also refer to Schedule 4). Note also, for work that does consist of the above, this work can be carried out by a competent person described in Column 2 of Schedule 3.

12 Site plan (existing and proposed)

In the case of the erection or extension of a building, a building notice shall be accompanied by plans to a scale of not less than 1:1250 showing:

- The size and position of the building, or the building as extended, and its relationship to adjoining boundaries
- The boundaries of the curtilage of the building, or the building as extended, and the size, position and use of every other building or proposed building within that curtilage.
- The width and position of any street on or within the boundaries of the curtilage of the building or the building as extended.

Please confirm that a site plan showing the information specified above, has been attached to this application:

Yes / No

**Delete as appropriate*

13 Drainage

In the case of the erection or extension of a building, a building notice shall be accompanied by particulars of:

- The provision to be made for the drainage of the building or extension
- The steps to be taken to comply with any local enactment which applies.

Please confirm that sufficient information relating to the drainage proposals, as specified above, have been attached to the application:

Yes / No

**Delete as appropriate*

14 Is the building considered to be of non-standard construction?

Yes / No

**Delete as appropriate*

Non-standard builds are buildings that include anything outside of common construction techniques in England or Wales, and do not follow industry recognised design principles set out in relevant building guidance codes ('Building Codes' include (not exhaustive): Approved Documents, British Standards and Technical Documents). They could include those buildings not fitting the notional set of common and long-established building methods. For example, panelled systems (SIP), Steel Framing System (SFS), Cross Laminated Timber (CLT) etc.

NEW DWELLINGS ONLY

15 Is the building work the erection of a building fronting onto a private street?

Yes / No

**Delete as appropriate*

For this question, "fronting" has the meaning given in section 203(3) of the Highways Act 1980; and "private street" has the meaning given in section 203(2) of the Highways Act 1980. A building notice given to the local authority is not appropriate in these circumstances.

16 Optional requirement / planning permission

In the case of a new dwelling either of the following should be provided:

- A statement should be included informing local authority building control whether or not any optional requirement applies to the building work, and if so which, or
- A statement that planning permission has not yet been granted for the work should be given, and that the information required above will be

supplied before the end of a period of twenty-eight days beginning on the day after that permission is granted.

Please confirm which statement has been provided:

Optional requirement statement: **Yes / No**

Planning permission statement: **Yes / No**

17 Communications retrieval

In the case of the erection of a dwelling, or a building that is to contain one or more dwellings, a building notice shall be accompanied by -

(a) particulars of any public electronic communications network in relation to which a connection is to be provided,

(b) if an exemption in Regulation 44ZB is proposed to be relied on, evidence in support of the exemption, and

(c) if Regulation 44ZC is proposed to be relied on -

(i) evidence of the matters mentioned in Regulation 44ZC(6)(a) and (b), and

(ii) if paragraph RA1(1)(c)(i) or of Schedule 1 is also proposed to be relied on, evidence of the steps taken to establish whether, and if so where, a distribution point for a gigabit- capable public electronic communications network (as defined by Regulation 44C) is likely to be installed, in a location relevant for the purposes of paragraph RA(1)(c), within the period of 2 years beginning with the day on which the notice is given.

Please confirm that the information specified above have been attached to the application:

Yes / No

**Delete as appropriate*

DECLARATION (all applications)

19 Declaration

This application for building control approval with full plans is in relation to the building work etc., as described above. It is submitted in accordance with Regulation 12(2)(b) and is accompanied by the appropriate charge

I understand that further applicable charges (such as inspection fees) may become payable by the building owner following the first inspection undertaken by the local authority

I / we apply for building control approval with full plans as described on this form and as detailed on any supplementary documents

Signature of applicant (where the applicant is not the client):

Date:

I, the client, confirm I agree to the application being made and that the information contained in the application is correct.

Signature of applicant (where the applicant is not the client):

Date:

The application for building control approval with full plans to inform the local authority of building work etc., is restricted to certain building types. Additional information will also be required to accompany your application for building control approval with full plans, depending upon the work proposed. Further information can be found in the attached notes and checklist. This form cannot be used for building control approval applications for higher-risk building work or stage of higher-risk building work or for work to existing higher-risk buildings. Applications for building work to higher-risk buildings can be made [here](#). Form created in October 2023.

Cheltenham and Tewkesbury Building Control Service provides building regulation services to you. We will use your personal information to provide those services to you and may need to share your information with professional/official consultees (such as the Fire Service in commercial applications) to enable us to do this. For further information about how the council uses information it holds about you please go to our [GDPR page](#).
